

MEN'S BOOSTER FREQUENCY

BRAIN BOOSTER

- Lion's Mane (mycelium): supports the survival and development of neurons Cordyceps (mycelium): strengthens the brain structurally and functionally during aging
- Bacopa Monnieri (thyme-leaved gratiola): counteracts the natural cognitive process of aging
- Phosphatidylserine (component of the biological membrane): protects brain cells and is responsible for communication between them
- Acetyl-L-Carnitine (acetylated form of L-Carnitine): increases the production of the neurotransmitter acetylcholine for the transfer of impulses and information in the brain
- Ginkgo Biloba (Chinese tree species): improves blood circulation in the brain
- Creatine (produced in the body): supplies the brain with energy
- Rhodiola Rosea (roseroot): counteracts stress-related mental exhaustion
- C60 Lipo Fullerenes (molecule of 60 carbon atoms): supports the growth of nerve tissue and helps prevent memory loss
- L-Theanine (an amino acid from tea leaves): increases the production of neurotransmitters in the brain
- L-Tyrosine (amino acid of proteins): supports mental performance
- N-Acetyl L-Tyrosine (amino acid of proteins): improves cognitive performance
- A-5 Cerluten Peptide (complex of natural peptide fractions): helps prevent mental illnesses

STRESS BOOSTER

- 5-HTP (body's own amino acid): helps produce the "happiness hormone" (serotonin) in the brain
- GABA (gamma-aminobutyric acid): has a relaxing and calming effect
- Vitamin B6 (contained in food): strengthens the nerves
- Passionflower (Passiflora): increases the concentration of GABA and lowers the transfer of stress signals
- Cordyceps (mycelium): has a relaxing effect
- Red Reishi (mycelium): supports stress relief and lifts the mood
- CBD (Cannabidiol as an essential component of medical marijuana): has a relaxing effect and helps alleviate anxiety disorders
- C60 Lipo Fullerenes (molecule of 60 carbon atoms): protects against oxidative stress

MEN'S BOOSTER FREQUENCY

IMMUNE BOOSTER

- Host Defense (mycelium): comprehensive immune support
- Echinacea (purple coneflower): for prevention and relief of colds
- Elderberry (plant rich in vitamins): strengthens the immune system for fighting germs
- Colloidal Silver (silver water): non-medical alternative to antibiotics against bacteria, viruses, and fungal infections
- TerraFlora (probiotics): support gastrointestinal health
- Kombucha (fermented tea drink): helps sanitize and cleanse the gut
- Kefir (fermented milk drink): supports the gut flora
- Astragalus (milk-vetch): balances immune reactions
- Ginger (spice made from ginger root): has an antibacterial effect
- Ginseng (root of plants in the genus Panax): strengthens the immune system
- Vitamin D (sun vitamin): activates the killer cells of the immune defense to fight germs
- Myrrh oil (natural gum extracted from a thorny tree species): heals inflammations
- Oregano oil (plant in the mint family): non-medical alternative to antibiotics against bacteria and fungal infections
- Brown's Gas (mixture of hydrogen and oxygen gases): helps prevent several illnesses

ANTI-AGING BOOSTER

- Nicotinamide mononucleotide (NMN): prevents age-related illnesses
- Resveratrol (part of a group of compounds called polyphenols): protects the body against damage that can increase the risk of illnesses
- L-Carnosine (dipeptide molecule): promotes regeneration of cells in the aging process
- Creatine (produced in the body): counteracts the aging process as a muscle booster
- Astragalus (milk-vetch): combats the aging process of cells and has an effect against oxidative stress
- Curcumin (bioactive substance in turmeric): slows down skin aging as a natural antioxidant
- Ubiquinol (bioactive form of the coenzyme Q10): releases energy from food and transports it to body cells
- R-Alpha Lipoic Acid (sulfurous fatty acid as a coenzyme in mitochondria): rejuvenates skin appearance by fighting free radicals
- Glutathione (tripeptide molecule): slows down the aging process
- Riordan Stem-Kine (stem cell formula): stimulates the body's natural repair process
- C60 CBD Oil (oil mixture): stimulates cell renewal
- Red Reishi (mycelium): staves off aging by preventing illnesses
- Deuterium-depleted water (DDW): lowers the deuterium content in the body's water

MEN'S BOOSTER FREQUENCY

KANE BOOSTER

- D-Aspartic Acid (an amino acid used in the biosynthesis of proteins): supports muscle growth and the fat-burning process
- Tribulus (puncture vine): stimulates the body's own production of testosterone
- Fenugreek (a Mediterranean herb): stimulates the body's own production of testosterone
- Ginger (spice made from ginger root): raises testosterone levels
- DHEA (sex hormone): leads to an overall improvement in well-being and strength
- Vitamin D (sun vitamin): increases the production of testosterone
- Zinc (mineral nutrient): balances a low testosterone level
- Ashwagandha (an herbal remedy known from Ayurvedic medicine): has positive effects on strength and muscle building
- A-13 Testoluten Peptide (bioregulator): aids in the complex recovery of the reproductive system's function
